Ian campaigning with local Labour activists

This election comes at a critical time for local people in Pudsey, Horsforth and Aireborough. Our schools are in crisis. Our hospitals, social care and mental health services are creaking. Our young people are struggling with increasing debt and housing costs. This is Tory Britain.

I've worked and lived in this constituency for many years with my wife, daughter and young sons. I understand the struggles facing local families. As a dad and project manager for a major local employer, I have experienced big challenges. The election here is a contest between the Tories and Labour. Our area won great improvements to the NHS, schools, police and transport when we had a Labour MP. Labour and Co-operative action rather than Tory cuts and slogans can once again address the challenges confronting our community. I ask for your support to build a fairer future. Thank you.

Ian McCargo

Our pledges to you

-  **Preserving the Greenbelt and protecting the environment**
I will oppose all house building on the Greenbelt and support public investment in renewable energy
-  **Supporting new co-operatives and investing in infrastructure**
I support revitalising our economy including a new generation of co-operative enterprises
-  **Creating a fairer workplace for all**
We all need improved employment rights from day one in a job and Labour will ban zero-hours contracts
-  **Cut inequality in income and wealth**
I support a progressive tax system so wealth and the highest earners are fairly taxed
-  **Action to secure an equal society**
I am committed to bringing real equality for LGBT and disabled people and opposing all forms of discrimination

Paul Truswell is backing Ian

With a Labour Government and MP, we won huge improvements for our area. I have faith in Ian as a deeply motivated campaigner and local family man. He'll fight to rescue our local services, and for a Brexit that defends our rights as workers and consumers and protects our environment. Tories offer only empty words, past failure and more cuts. Don't give them a blank cheque to continue wrecking our services and pursuing a Brexit that will betray local people.

Paul Truswell

Former Labour MP for Pudsey

Opposing school funding cuts across Pudsey

Schools across Pudsey constituency are facing a financial crisis as the Tories slash real-term funding. St Mary's in Menston is losing £517 per pupil. Every primary school will lose the equivalent of at least one teacher's salary by 2020. I am committed to opposing these cuts.

Providing homes for our young people

Home ownership is an increasingly distant dream for many young people, and we will aim to make it more affordable. Even private tenancies are expensive and difficult to obtain. Labour will introduce rent controls and secure tenancies, and aim to build 500,000 new council homes.

Rescuing the NHS and Social Care

Labour will fund our crumbling NHS properly and end privatisation. We will bring NHS and social care together to ensure dignity for older and disabled people, and ensure parity for mental health services.
